Electrical/Computer Engineering Project Rubric

Objectives	Beginning	Developed	Accomplished	Exemplary
The team chooses a project which challenges them to grow/develop their knowledge	4-5 points	6-7 points	8-9 points	10 points
The team applies creativity in selecting and solving problems which arise throughout their project	4-5 points	6-7 points	8-9 points	10 points
The team demonstrates daily and regular work on their project	4-5 points	6-7 points	8-9 points	10 points
Coding (and/or other Engineering) knowledge is evident in this project	4-5 points	6-7 points	8-9 points	10 points
The team shows a growth in their knowledge in completing this project	4-5 points	6-7 points	8-9 points	10 points
The team's documentation effectively presents their project, their learning and the Engineering Design Process	4-5 points	6-7 points	8-9 points	10 points

Total Raw Grade: ____ / 60

Final Normalized Grade: $(RawScore) \times \frac{100}{60} =$
